WE PROVIDE GENUINE SECURITY

▶ STATE-OF-THE-ART BANKNOTE COUNTER WITH SORTING FUNCTIONS

▶ AUTOMATIC CURRENCY SELECTION

▶ ADVANCED DUAL-CIS IMAGE SCANNING SYSTEM

▶ BANKNOTE SERIAL NUMBER READING

BellCount S515

Features

- Accurate and reliable one and a half pocket multicurrency banknote counter with sorting functions.
- Currency auto-switch. Just put the notes in the hopper, S515 will automatically select the right currency and start counting.
- Handles up to 30 different currencies. Enable the currency combination of your choice.
- Value counting function for sorted or mixed denomination banknotes (4 orientations).
- Efficient and tolerant note feeding. Very pleasant noise level.
- Banknote serial number reading system (OCR based) including Black List function.
- Appreciated BellCon design with clear and bright 3,5" graphic colour display with finger touch function.
- Logical and clear menu-based operation.
- Includes an issue sorting mode, which makes it possible to sort out old issue banknotes.
- Suspect banknotes are sorted out to the reject pocket and will not be counted.
- Software can be updated via standard SD memory card or via PC and USB cable.
- Report function for detailed counting result and details about rejected notes.
- Batch value input by fast preset key or by numerical touch keyboard.
- External display and printer can be connected (optional).

Advantages

BellCount S515 is the new star among banknote counting machines.

The advanced state-of-the-art features and the stunning design combined with simple, intuitive operation makes S515 the obvious choice.

High reliability and quality at an attractive price level are characteristics of S515. The easy access to all parts of the banknote path makes routine maintenance easy to perform. A protective dust cover is included in the delivery.

Warranty

12 months against all defects in material and labour.

Benefits

BellCount S515 saves time and money by automated and intuitive operation.

Costs are cut by performing high-quality detection, counting and sorting simultaneously. The reject pocket ensures that the note processing is uninterrupted. No stops required.

Even though BellCount S515 is high-tech with many advanced functions, it requires limited space due to the compact size and small footprint. S515 is designed for every modern financial and retail sector environment.

Approvals

RoHS compliant and CE marked.

Open the rear like a drawer to get full access for cleaning and removing damaged banknotes.
