WE PROVIDE GENUINE SECURITY

▶ BEST-IN-CLASS MULTICURRENCY BANKNOTE COUNTER

▶ ADVANCED DUAL-CIS BANKNOTE SCANNING

▶ AUTOMATIC CURRENCY SELECTION

▶ COUNTS MIXED CURRENCIES IN ONE OPERATION

BellCount V2510

Features

- Accurate, reliable one-pocket multicurrency banknote counter.
- Value counting function for sorted or mixed denomination banknotes. Handles up to 30 different currencies.
- Dual-CIS sensor technology.
- Automatic recognition of currencies.
- Ergonomic design with large, clear and bright color display with full finger touch operation.
- Add function, batch counting and sorting function as standard.
- Batch value input by fast preset key or by numerical touch keyboard.
- Counts up to three mixed currencies in one operation. Detailed counting report.
- Rejects suspect banknotes. The machine stops automatically and the suspect banknote will not be counted.
- Detection-free count mode for handling other currencies, coupons, vouchers, etc.
- Comes in two versions; V2510 and V2510M (extended magnetism sensors for improved USD detection).
- Full access to the banknote path and sensors by one hand-operated top part opening.
- Easy updateable by SD card, USB memory stick or by computer.
- Data interface for external display and printer (optional).

Pull the handle to open the top. Easy access for cleaning and maintenance.

V2510 counts mixed currencies in one operation.

Integrated carrying handle.

Advantages

BellCount V2510 offers fast high-quality counting and detection combined in one machine.

The BellCount V2510 is very easy to use due to an intuitive, simple, user-friendly operation including a large and clear color display.

The advanced banknote security feature detection is based on the newest dual-CIS technology.

Efficient and tolerant note feeding and a pleasant noise level are characteristics of BellCount V2510.

Warranty

12 months against all defects in material and labour.

Benefits

BellCount V2510 saves time and money by requiring minimal training of users.

Automatic currency selection and the ability to count mixed currencies in one operation saves valuable operator time.

In the fast changing world, software updates are unavoidable. In V2510, you can do it by SD card, USB memory stick or by PC. The choice is yours!
You get BellCon design, functionality and reliability at an attractive price.

Approvals

RoHS compliant and CE marked.
